

CURRICULUM VITAE

MARSHALL M. COHEN

Date of birth: October 25, 1937

Degrees:

B. S. in Mathematics, University of Chicago 1959

M. S. in Mathematics, University of Michigan, 1960

Ph. D. in Mathematics, University of Michigan, 1965

Thesis Advisor: Morton Brown

Professional Positions:

Visiting member, Institute for Advanced Study, 1965-67

Research Fellow, University of Warwick, Summer 1966

Lecturer, Princeton University, 1967-1968

Cornell University, 1968 – present:

Assistant Professor 1968-1971

Associate Professor 1971-1977

Professor 1977-present

Associate Chairman 1973-1975

Visiting positions elsewhere while at Cornell:

Senior Research Fellow, University of Warwick, Spring-Summer 1970

Visiting Associate Professor, University of Michigan, Spring 1973

Visiting Professor, Royal Institute of Technology, Stockholm, Sweden, 1977-78 and Fall 1978

Visiting Professor, University of Maryland (teaching), Fall 1990

Visiting Professor, University of Maryland (non-teaching), 1991 – present

Ph.D. Theses Supervised:

E. Akin *Manifold phenomena in polyhedra*, Princeton University, 1968

W. J. Browning, *Homotopy types of certain finite CW-complexes with finite fundamental group*, Cornell University, 1979

W. H. Beckmann, *Completely aspherical 2-complexes*, Cornell University, 1980.

E. P. Klassen, *Representations of knot groups in $SU(2)$* , Cornell University, 1987

T. Brady, *The integral cohomology of $Out_+(F_3)$* , Cornell University, 1988.

(Joint thesis advisor with K. Vogtmann)

Honors: NSF Research Grants awarded every year 1965 – 1989.

First recipient of *Dean's Award for Advising*, 1992.
